

0-000 INTRODUCTION TO THE DCAA CONTRACT AUDIT MANUAL**0-001 Introduction**

Introductory material is presented in this section, along with an explanation of certain terms and abbreviations used frequently in this manual.

0-002 Purpose and Applicability of the Manual

a. This manual is issued to provide technical audit guidance, audit techniques, audit standards, and technical policies and procedures to be followed by DCAA personnel in the execution of the contract audit mission (see also 0-006). The material in this manual is instructive. Reference to this manual should not be made in audit reports or correspondence addressed to offices other than those of DCAA.

b. The procedural and audit guidance in the manual is applicable to the audit of all types of contracts. The auditor, however, must use professional judgment in (1) selecting the procedures and techniques best suited to the audit objectives, and (2) determining the scope of the audit in each instance.

0-003 Citation

The manual bears the title "DCAA Contract Audit Manual." It may be referred to as "CAM" and individual paragraphs may be cited as "CAM" followed by the paragraph number; for example, "CAM 1-103". Within the manual this citation is "1-103."

0-004 Numbering

a. Pages are numbered at the top of the page as follows:

102

Chapter Number (or Appendix Letter) _____

Page Number _____

b. Paragraphs are numbered as follows:

4-104

Chapter Number (Or Appendix Letter) _____

Section _____

Paragraph _____

Generally, paragraphs whose numbers include a decimal (as 1-203.1 through 1-203.3 are major, first-level subdivisions of the basic paragraph subject (as 1-203)).

0-005 Revisions

The manual is reprinted in its entirety on a semiannual basis in January and July. There are no interim revisions between printings. Each semiannual publication will contain a synopsis of new and/or revised material immediately following the Table of Contents.

0-006 Other DCAA Audit Guidance

Memorandums for Regional Directors (MRDs) provide a mechanism for disseminating audit guidance which supplements or revises audit guidance. Audit guidance and audit management guidance MRDs not yet incorporated in CAM are listed immediately after the synopsis of substantive changes. In addition, an updated list of active audit guidance MRDs is issued monthly.

0-007 User Comments/Suggestions

User comments/suggestions are welcome. In addition, users are encouraged to report any errors noted in the manual. Use CAM Customer Reply Sheet, DCAA Form 7640-15, located on DCAA's Intranet under Feedback Mechanisms.

The User Reply Sheet is also available in Delrina Formflow, and should be sent to:
